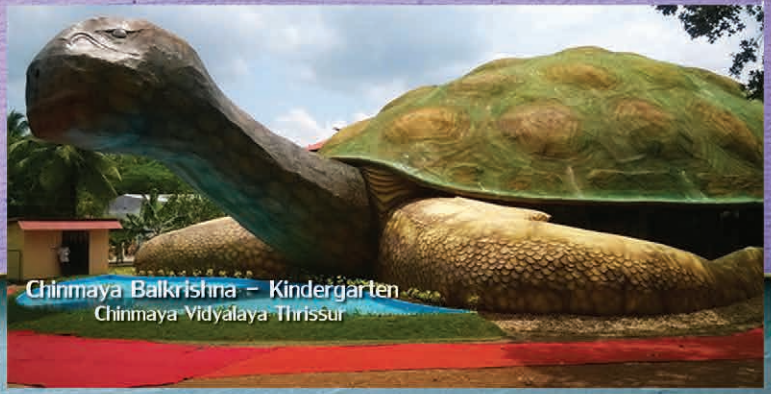
(Deemed University Under Section 3 of UGC Act 1956)

Deemed-to-be-University u/s 3 of UGC Act, 1956

University Building

Chinmaya College Kannur

Chinmaya College Thripunithura



Chinmaya Balkrishna – Kindergarten
Chinmaya Vidyalaya Thrissur

Chinmaya Mission College is pledged to impart value based education through a holistic approach. The institution was incepted into this noble stream with the blessings of H.H. Swami Chinmayanandaji and started regular classes in the year 1975 at Shaktan Thampuran Palace, Thrissur. Later, in the year 1990, the college was shifted to the present location at Kolazhy.The Institution maintains strict discipline, excellent performance records, result-oriented teaching methodologies and student-friendly activities.

An Educational Institution trusted for more than 46 years

Established over 46 years ago, Chinmaya Mission college is a leading educational institution, where in 3000 students are pursuing 30 programmes.

A legacy of Excellence in Management Education

Chinmaya Mission College has been setting bench mark in Management and IT Education for the last 17 years.

Rich Intellectual Capital

Facilities of Chinmaya Mission College is a part of Chinmaya group distinguished intellectual assets. Moreover, corporate experienced leaders regularly share their wisdom and management insights with students. It encourages the students to look beyond book.

Industry Interaction

Students of Chinmaya Mission College get opportunity to interact with industrial leaders and management gurus. Students also get chance to be a part of world class seminars conducted by associations and corporates.

Placements

Thousands of successful Chinmaya Mission alumni are working in coveted corporates across the world. Over thousand students have got placement during the last few years. There is a dedicated placement cell at the campus that not only guides students in their career plan but also grooms them for success.

A world Wide Alumni Network

The corporate world of today, the network of friends, and contacts play a vital role. Unlike other standalone colleges, at Chinmaya Mission College students build a life long network not only with fellow students but also with highly potential and talented students across the world.

Vision

To educate and train the students to be efficient, empathetic and socially responsible individuals.

Mission

Inculcating values of life to students by imparting value based education thus transforming their life to success.

To offer courses to the students for enhancing professionalism, humanism and social responsibility through quality education.

To inculcate values of hard-work, team-spirit, scientific tempers and to develop critical thinkers.

Endeavor to stretch the intellectual and creative capacity of the youth and to empower them to assume leadership and market acceptability.

Master of Tourism & Travel Management

Prospects: Tourism management is the World's fastest growing sectors with diverse opportunities in the field. Master of Tourism & Travel Management course focuses on aspects like personality development, handling and controlling the tourists and providing them with the required help in specified region.Leading and experienced professionals from different sectors of tourism are regularly invited to the college to interact with the students and supplement the theoretical aspects of studies. Accordingly, the programme has a large component of working in real-world situations under the careful guidance of mentors. After completing the program, the students should be able to work in, travel and tourism-related organizations, at various capacities in government levels, Event and Entertainment industry, Hotels, Food & Beverage services etc.

M.Sc Mathematics

A master's degree is a postgraduate degree for students who want to become more skilled or specialized in a particular discipline. The answer to the question of what is an MSc in Mathematics lies in understanding how different types of math are categorized. Instead of focusing on a particular type of math such as algebra or calculus, a postgraduate degree in general mathematics allows students to concentrate on number theory and advanced mathematical methods that tie together all the different forms of mathematics they have likely already learned. This degree tends to have a heavy focus on analysis and theory.An MSc in Mathematics gives students who want to work in science, engineering, or computing a solid core education. Career prospect areas for them include Accountancy & Professional Service,The Actuarial Profession (Insurance),Banking - Investment Banking, Banking - Retail Banking,Computing & IT,General Management, Operational research.

FINISHING SCHOOL

Prospects : A finishing school is defined as "a private school for students that emphasize training in all-round personality development, cultural and social activities. Specific skill sets like Soft Skills development, grooming sessions, Attitude build-up, Mock interviews, Training on GD for a professional career are imparted as value addition. The name reflects that it follows a school or college education and is intended to complete the educational experience and make one ready for the world. The course content has been prepared based on a Skill Gap analysis among students. Individual student care also would be provided on any specific issues related to a student. We would also continue - to support the students by extending our mentorship till they get into the professional world. Already we have completed 2 batches of PG and UG and they are vouching for the transformation they had in their life. They have grown in confidence to face the challenges of life. Courses are conducted by a Professional Ex-Google learning and Development Specialist

MOULDING THE YOUTH

Chinmaya Yuva Kendra (CHYK)

CHYK is a global youth wing of Chinmaya Mission. It aims to empower youth with vision, values and dynamism for success in all fields. CHYK conducts weekly classes where young people are made aware of their potential through the study scriptures. CHYK also organizes and executes cultural, social and spiritual programmes.

Samavarthanam (Alumni Association)

Our old students association started their functioning from the year 2010 onwards. They have been helping the deserving poor students of our college from 2010. The members of this group share their experience and extend their service to the youth to fulfill their goal, and shape their career in a disciplined manner.

Women Cell

A women cell is functioning in the college to address their grievance, if any and of any manner, which serves as a support and confidence to the girl students.

Disaster Management

As the recent past has witnessed many natural calamities, the college is also maintaining a disaster management team that includes students, staff and other officials. The team is trained to tackle any unprecedented eventualities.

Students Grievance Cell

The function of the cell is to look into the complaints lodged by any student, and judge its merit. The Grievance cell is also empowered to look into matters of harassment. Anyone with a genuine grievance may approach the department members in person, or in consultation with the officer in-charge of Students' Grievance Cell.

Social Service Club

Social service club is a platform to cultivate human potential and regain a sense of agency and collectivity in our changing world. The Social service club is established to inculcate pro-social behaviour among our students. The activities of the Club help members to learn to respect people and to fulfill their responsibilities to serve the community. It also offers a chance for students to contribute to the society, learning to have a positive attitude towards the life. Visits to old age homes are made with the aim of providing solace and medical aid to poor elderly patients who need long term treatment and protection. Students also join this philanthropic gesture by various contributions like clothes, stationary items etc.

Energy & Environment Conservation Club

Energy & Environment Conservation Club (EECC) is a premier club committed to the cause of promoting Energy Conservation Environment Protection and Sustainable Development in the country. With the increasing demand for energy, effective management and conservation of the same has become the need of the hour. Recognizing the immense value that schools and school children can bring to the initiative and taking due consideration of this urgent need to propagate efficient usage of energy and to educate the society on climate change issues. Simple energy saving and resource conserving tips have been repeatedly advocated, making a considerable difference in protecting the planet and avoiding a state of being power less and fuel scarcity. The energy conservation programme widened its scope, with an aim to contribute towards Nation Building by creating responsible citizens who not only conserve energy & natural resources but also imbibe and promote civic & moral values. This programme expanded further by encouraging children to be sensitive to their surroundings through the active citizenship module.
